

# Changing Room Refurbishment

We are pleased to announce that both the male and female changing rooms are to be refurbished. Work on the ladies changing room will commence on **Monday 26th April 2010**, and will last for approximately six weeks. After this, work will commence on the male changing room lasting for approximately the same time.

Please note that we will be using a temporary changing room located at the back of the building whilst the works are going on.

We apologise for the inconvenience caused, however the new and improved facilities will be a welcome addition to the club.

Kindest Regards

**Tom Canning**  
General Manager
